To the Legislative Assembly of Victoria

The Petition of Residents of Victoria

draws to the attention of the House that

the future development of the former <u>BORONIA HEIGHTS SECONDARY COLLEGE</u> is opposed by the undersigned as it is:

1. **An important area of open space within the municipality**
2. **It provides a space for exercise much utilised by dog walkers and children**
3. **It provides an opportunity for reflection and peace and quiet**
4. **Contains a number of important areas of remnant vegetation**
5. **Is an important habitat for local animals including the Powerful Owl**
6. **Provides a very important wildlife corridor for animals moving from the adjacent National Park into Knox**

The petitioners therefore request that the Legislative Assembly of Victoria

resist the temptation to develop this site and instead give it to the people in the form of public open space (park land).
