MEDIA RELEASE

Heidi Victoria secures \$200,000 election commitment for Bayswater Scout Hall

Member for Bayswater Heidi Victoria today announced that a re-elected Napthine Government will deliver \$200,000 towards a new scout hall for the 1st Bayswater Scout group.

“I’m proud to be part of Denis Napthine’s team, making an election commitment to support this wonderful community space,” Ms Victoria said.

The funding will be used to build a new facility for the 1st Bayswater Scout group at Guy Turner Reserve, Bayswater.

“This funding will build an important community facility. The current hall is not in good condition and is beyond it’s used by date,” Ms Victoria said.

As well as the scout groups, the hall will be available to the local community for hire, and will play an important role within the Bayswater area.

“This is great news for the 1st Bayswater Scout Group and the wider community who will have access to much better local facilities,” Ms Victoria said.

Ms Victoria was joined by Minister for Youth Affairs, Ryan Smith, to make the announcement. Mr Smith said that the Bayswater community was lucky to have a local member like Heidi Victoria.

“Heidi has listened to the local community about the need for a new Scout facility, and thanks to her hard work, has delivered this important local election commitment,” Mr Smith said.

“This commitment is a partnership between the Napthine Government and Scouts Victoria, with Scouts Victoria contributing 50% of funds towards the project.” Mr Smith said.

This announcement builds on the \$4 million the Napthine Government has already invested in updating 96 ageing scout and guide halls across Victoria.
