Coalition Government mobile small business centre comes to Ringwood

Small business information, support and mentoring will soon be coming to the streets of Ringwood with a visit from the Victorian Government's Mobile Business Centre.

Minister for Innovation, Services, and Small Business Louise Asher said the Mobile Business Centre will again be delivering free business mentoring and face-to-face assistance to Victorian small businesses.

"The Mobile Business Centre is designed to help people start, plan and grow their business. Small business operators can access business tools and tips and the on-board mentoring service provides a fresh pair of eyes to look at a business objectively," Ms Asher said.

"Last year the Mobile Business Centre visited over 70 locations across Victoria and provided more than 750 mentoring sessions to small businesses."

"This is the first time that the Mobile Business Centre has visited Ringwood and enables business owners or people interested in starting their own business an opportunity to access business advice, resources and information at no cost," Member for Warrandyte, Ryan Smith said.

The Mobile Business Centre will give small businesses in Ringwood access to valuable information about programs and services, including the latest schedule of business skills workshops.

"The Mobile Business Centre is a confidential business mentoring service where people can book for a free 45 minute mentoring session with a business professional and I would encourage small business operators to take advantage of this great opportunity," Member for Bayswater, Heidi Victoria said.

The Mobile Business Centre will be located opposite the main entrance of Eastland Shopping Centre, Plaza Centre Way Ringwood on Wednesday 22 February from 10.00am to 4.00pm.

Other Mobile Business Centre locations and information on how to book a mentoring session can be found at business.vic.gov.au/mbc or by calling Small Business Victoria on 13 22 15.
